Article 3 -basic characteristics of goods and services subject of the contract
the price (including VAT)

Article 114 of Labour Law states, 'the employment ce
ed with the death of the employee, unless the subject
the person thereof.

As a result, there is a limited number of suppliers or e
exclusive right to the subject matter of the contract.

This seems to be obvious in the case of istisna'a, as th
to manufacture or build the subject matter of the co
sell it to the client.
